## President's Message

Hello Fellow Members,  
Another year is nearly finished and it will be time to elect some new as well as returning officers. As this is YOUR club, please give some thought on how you would like it improved as well as what YOU are willing to do to be involved.  
As evidenced by our last work party, there are many members willing to be involved. We had nineteen members show up and help out. This may be a new record for one work party. Steel has been installed on the left wall, painting, sweeping, cleaning and many other tasks were completed. This all adds up to make a better club for everyone. I wish to extend a special thanks to those who volunteered for the benefit of the club. I encourage all of you to come out to the club and shoot or just visit a bit. I am sure you will find it time well spent.  
Thank you,

Dennis Kirchhoff

**Calendar notes:** There will be an open Board of Directors meeting on December 6<sup>th</sup> at 7PM. Also nominations of officers will be conducted at the members meeting on December 11<sup>th</sup> at 8PM and an election of officers will take place at the members meeting on January 8<sup>th</sup> at 8PM.

**Next members meeting Friday December 11th at 8 PM**

## Message from the new Vice-President:

First of all I wish to thank everyone who helped us repaint the shooting range. We had much needed help and accomplished a lot. As you can see, the range looks cleaner and brighter. A fresh coat of paint does wonders. Work party credit is given to those who participated and you will receive the dues discount. Once again thank you very much to all the volunteers. Enjoy your freshly painted shooting range.

Also if anyone is interested in working our table at the local gun shows please call me in the evening at 668-6366. We need volunteers for the morning and afternoon shifts at all shows. The next show is Saturday December 12<sup>th</sup> & Sunday 13<sup>th</sup>. This will count towards work party credit and your support is needed. Admission is free for volunteers and you will be able to stay and enjoy the gun show after your shift. Please come out and support your club. Thank you.

Also Mike Tomaszewski sends out a sincere word of thanks and appreciation to those who helped erect the steel side walls in the range.

**Always check the range bulletin board for upcoming events.**

### PPC Matches

Starting 11/23/09 & running for 8 weeks, plus one belly gun match, Mondays starting at 7pm. Make-up's and shoot ahead's permitted. \$5.00 per Match. You will need to bring the following: straight draw holster, 32 cal pistol or larger (except for belly gun- any caliber under 4" BBL) 60 rounds per match and a mat, rug or ground cover. A great way to improve actual carry proficiency. How many of you practice drawing, reloading and holstering under stress? This is practice for the real world situation! Instruction provided, if necessary, by professional NRA, FBI & NYDCJS police instructor. NEVER TOO LATE TO START! Questions comments? Contact Dave Dudziak 675-5860 for further details.

### CMP

We've been fortunate to secure some of the last available CHEAP 30-06 ammunition for the club's CMP program. Look for further details in spring. If you ever thought about buying a .30 M-1 carbine now is the time to act. These are fun little guns to shoot. Supplies are getting VERY VERY low and there's no telling how long they'll be available at this inexpensive price. We're looking at only a few months' left folks!

Visit ODCMP on the web. M-1 Garands are still available as well. We're talking \$200 plus and less for the M-1 Garand and carbines than you'll find at local gun shows! WW2, Korea, Vietnam & Cold War Vets - OH THE HISTORY, IF ONLY THEY COULD TALK! A variety of targets for .22's and air guns are also available (I just bought a precision US marked air gun with a bushel of accessories for \$79.00). If anyone is interested in doing a "thunder run" to the CMP store at Camp Perry Ohio Let me know& we'll go! The store is open Wed. through Sat. Allow 16-20 hours for round trip.

I have 30+ years experience evaluating carbines and M-1's as well as building match grade M-1's and M-1a's and a full set of mil spec gauges! For those of you who already have a 30-06 rifle, the CMP has secured a huge lot of Greek HXP manufacture fully reloadable M-1 safe 30-06 ammunition. This ammo has yet to be imported and the cost is presently unknown. More info to follow. Also see ODCMP forums. Thank you. Dave 675-5860

### Junior Shooting

If any BR&R members have children, grandchildren or neighbors 12-18 years old and they would like them to get firearm training, contact Stu Casselberry at 677-4423. The Junior program meets on the first, third, and fifth Fridays each month and has on-going open enrollment. We always encourage the young people to get started! The course covers Firearm Safety and Marksmanship Training. The Winchester/NRA Marksmanship Qualification Course is also offered. The fee is only four dollars and includes targets, ammo and the use of a rifle. As one of the Junior's Mom always comments, "It's the best four bucks you'll ever spend!"

### Pistol Team

The BR&R Pistol Team is currently 4 wins and 3 losses for Actual and 7 wins and no losses for Handicap. We have been having a great turnout and everyone has been having a great time. Even though the season has already started, it is not too late to start shooting. All you need is a .22 Pistol and the drive to improve. So if you want to give it a try, we shoot 12/17 at BR&R. If interested call Stuart Casselberry @ 677-4423.
